

CAREER SURVIVAL KIT

KNOW YOURSELF

I understand my dispositions and how to use them to my advantage.

EXPLORE YOUR OPTIONS

I understand the labour market and industry trends.

I understand the career pathways and job roles & responsibilities in the industry I intend to work in.

I know what knowledge and skills are relevant for the job or in the industry I intend to work in.

I know what the job-search essentials are.

CREATE YOUR PLAN

I have set a career goal and/or career milestones.

I have created a career plan towards my career goal/career milestones

TAKE ACTION

I have gained knowledge and built skills that are relevant for the job or in the industry I intend to work in.

I have created my targeted resume and cover letter.

I know how to answer common job interview questions.

I know what business etiquette entails and how to conduct myself in an interview or networking event.

I have attended a networking event or career fair.

I know the best platforms to look for jobs.

REVIEW YOUR JOURNEY

I stop to review and re-evaluate my career journey and make changes to my career goal/milestones and career plan where necessary.
