As a student, you must be enrolled in four units in each study period unless you have less than four units to complete your course or have prior approval from the Director of Academic Services on the basis of academic intervention, compelling or compassionate grounds.

Online enrolment of units takes place prior to the start of each study period via Axis. Students should ensure enrolment into related elective unit of the degree course they intend to pursue.

Curtin Singapore reserves the right to cancel or withdraw units at its discretion and only due to unforeseen circumstances.

It is your responsibility as a student to check that your enrolment is correct and arrange to have it updated if it does not accurately reflect your situation.

CHANGE OF COURSE

A student is required to undertake the course for which they received an offer of admission. If you wish to change to another course offered by Curtin Singapore, please make an appointment to discuss the matter with a Student & Academic Services Officer. To change the course at the beginning of the study period, you must apply before the end of Week 2 of the study period.

Curtin Singapore will consider each application before approving a change of course request. In some instances, it may not be possible/viable to transfer to another program for reasons of timing, Student’s Pass conditions, program availability, current academic performance or not meeting entry requirements.
LEAVE OF ABSENCE
A student may apply for Leave of Absence in the second study period at any time after enrolment up until the census date, in the case of one of the following situations:

• no available unit for study in a study period
• unable to continue studies in a study period due to valid reason(s)

A completed Application for Leave of Absence form has to be submitted by the census date. All applications will be reviewed on a case to case basis and all information provided, circumstances leading to a request as well as regulatory requirements will be taken into account.

An academic and financial penalty may apply depending on the time the request is submitted.

Students under the age of 18 years old are required to obtain their parent’s or guardian’s consent prior to submission.

Following an approved Leave of Absence, Curtin Singapore will:

• cancel the current enrolment
• cancel the Fee Protection Scheme (FPS) where applicable, and the Student’s Pass (for international students).

The Leave of Absence request is completed within 4 weeks of the submission of the Application for Leave of Absence form.

When approaching the end of the approved Leave of Absence, students are required to email academic@curtin.edu.sg on their intention to resume studies. International students must email at least 7 weeks prior to the expiry of Leave of Absence.

Curtin Singapore may authorise Leave of Absence for a maximum of four (4) months (one study period). Application for Leave of Absence longer than one study period will be reviewed by the Director of Academic Services. Application will only be considered for exceptional circumstances (evidence of supporting claim must be submitted).

Students who do not enrol for a period of 3 study periods and who do not have an approved leave of absence will have their course status set to AWOL (Absence Without Leave). Students with this status are no longer guaranteed a place in their course.

POLICY ON LEAVE OF ABSENCE
The Leave of Absence policy is covered under the Variation of Enrolment policy. The Variation of Enrolment policy is published on the Curtin Singapore website and is found on this link: https://curtin.edu.sg/wp-content/uploads/sites/3/2019/01/Variation-of-Enrolment-Policy.pdf

### TERMINATING OR CANCELLING

Curtin Singapore has the right to terminate or cancel a student’s enrolment in response to serious misbehaviour or misconduct. Please refer to the Code of Conduct and Refund policy sections contained in this handbook for academic and financial penalties that may apply.

### COURSE COMPLETION

Upon completion of all units in the Diploma of Commerce or Diploma of Arts and Creative Industries, a student will be awarded with the Statement of Academic Record and Testamur (Certificate). These documents are issued by Curtin College.

### ASSESSMENTS

Each unit at Curtin Singapore is assessed throughout the study period. The type of assessments for each unit is described in the Unit Outline. Assessments may include assignments, quizzes, online assessments, mid-semester tests and final examinations. Assignments must be submitted with an Assignment and Report Cover Sheet at Student Central. The Assignment and Report Cover Sheet can be obtained from Student Central.
MODERATION OF ASSESSMENTS
Assessments are subject to moderation. Moderation is a quality review and assurance process which supports the assessment setting and marking activities of lecturers. It involves the unit coordinator undertaking a review of selected papers to ensure the assessment marking is valid and reliable. In some cases a grade of an assessment or examination may change following moderation to conform to the marking standards of the assessment.

COLLECTION OF ASSESSMENTS
The Student and Academic Services Officer will notify students on the collection of marked assignments when it is due to be returned. Students are required to produce their Curtin Student ID Card for identification when collecting the assignment at Student Central.

Please note that all assignments are to be collected either in person for individual assignments or by a group representative for group assignments.

EXAMINATIONS
The examination timetable is released 4 weeks prior to the examination period through Axis. It is the students’ responsibility to make themselves aware of the location, time and length of the examination. Examinations may be scheduled on any day or evening during the examination period, with the exception of Sunday. Students should not make commitments to any other activities during this period.

Students may be required to sit for two scheduled examination papers in a day but shall not be made to take more than two examinations in one calendar day. There will always be a break between examinations taken on the same day.

If you miss an exam due to ill health or other extenuating circumstances, please contact a Student and Academic Services Officer through Student Central.

ASSESSMENT EXTENSION
An Application for Assessment Extension Form must be lodged with Student Central before the due date of the assessment. The only exception is where your personal circumstances (e.g. illness) have prevented this. Such requests will only be accepted where the student is able to supply documentation that clearly supports his or her explanation within 2 calendar days of the due date of assessment.

Approval for extension is not automatic. Students may be permitted by the Board of Examiners to defer an examination where specific criteria are met.
CRITERIA FOR ASSESSMENT (EXAM) EXTENSION FORM

Student must satisfy the Unit Moderator and Board of Examiners that the reason for not completing the assessment task was due to exceptional circumstances outside his or her control.

Circumstances that may warrant approval of Assessment Deferral/Sickness Claim include, but are not limited to:

- student illness, injury or medical condition, supported by a valid medical certificate
- family issues (for example family injury, illness or bereavement, etc)
- commitments to participate in elite sport or other activities that warrant favourable consideration
- commitment to assist with community service activities
- unavoidable and unexpected work commitments (for example, relocation)

Students will be advised of the outcome of their application for deferral during the final examination results. A “D” interim result is the formal approval by the Board of Examiners for a student to complete an outstanding assessment for a unit at a later date.

Students will be advised of the dates of the deferred examinations at least 1 week prior to the start of the examination period. Students must not make any other arrangements during this period, which could prevent them from completing these assessments.

A student who commits to other arrangements that prevents him or her from completing a deferred assessment is not entitled to another opportunity to complete the deferred assessment and will forfeit the rights to a deferred assessment. No extensions of deferred examination will be granted under any circumstances.

RESULTS

The latest examination results can be viewed by students through AXIS approximately 3 weeks after the examination period. Examination results will be withheld where a student disciplinary action is pending or course assessment remains outstanding. Please log in to https://learning.curtin.edu.sg to view your results.

The table, which follows, represents the grading system used at Curtin Singapore. The grades and mark range seen below will correspond with the grades that you will see on Moodle when you view your results.

ATTENDANCE REQUIREMENTS

It is your responsibility as a student to attend all lectures, seminars and tutorials. Please bring a copy of your timetable to all classes, especially in the first couple of weeks of the study period to ensure that you are attending the correct classes. Failure to attend the correct classes will result in your attendance not being recorded for that week.

BIOMETRIC ATTENDANCE SYSTEM
Curtin Singapore adopts the Biometric Attendance System where fingerprints are scanned and captured by a Sensory Keypad Biometrics Fingerprint Scanner or also known as a Fingerprint Reader. The fingerprints captured are then downloaded and managed by the Student Attendance Management System (SAMS) to generate attendance record.

STUDENT’S ATTENDANCE GUIDELINES
Students are expected to
• arrive on time for each lesson;
• remain throughout the session for each lesson; and
• scan their fingerprints on the Fingerprint Reader at the beginning and the end of each lesson

ATTENDANCE REQUIREMENT
All Students
Students are required to maintain a minimum 75% attendance for each enrolled unit. Students who fail to obtain the minimum attendance requirement will not be eligible to sit for the final examination or receive grades for the final assessment, regardless of previous work submitted.

International Students
In addition to the requirements above, international student must achieve a minimum monthly attendance requirement of above 90%. Curtin Singapore shall inform ICA when an international student’s attendance is 90% or below, or has failed to attend classes for a continuous period of 7 days or more. This may lead to cancellation of the Student’s Pass.
ATTENDANCE REGULATIONS CONTINUED

An international student holding a Singapore Student’s Pass is required to be on campus for a minimum of 3 hours per day from Monday to Friday (except on public holidays or during non-teaching weeks, including study review and exam weeks).

Students must register their attendance on campus in the following circumstances:

- if a student does not have a class scheduled on a particular day, he/she is expected to fulfil 3 consecutive hours on campus at any given time between 9am to 6pm (For example, student has 3 hours class every Monday to Thursday but none on Friday, the student must be on campus for 3 hours, at any time between 9am to 6pm every Friday undertaking Student Engagement Program (SEP))

- if a student’s class is run for less than 3 hours on a particular day (For example, student has a 1-hour tutorial class every Monday, student must continue to be on campus undertaking Student Engagement Program (SEP) to complete the remaining 2 hours in order to meet the 3-hour per day requirement)

- if there is an overlap between the period where the student completes the Student Engagement Program (SEP) and the academic class, the attendance for SEP will be marked as absent

Students may register their attendance for SEP onto biometric readers located at:

- Block A Level 1 (lounge area)
- Block B1.4 (free-access computer lab)
- Block D Level 1 (lift lobby)

By tapping in and out of the readers, students’ attendance are captured and monitored.

Please note that SEP is compulsory for all international students. The SEP schedule for each international student is determined and pre-enrolled every study period. Students are able to check on Axis on the last working day before the commencement of the study period to determine which days they are required to attend the SEP.

Attendance will be monitored and will form part of ICA’s 90% attendance requirement. Warning letters will be issued to students who fail to meet this attendance percentage.

COMMITTEE FOR PRIVATE EDUCATION

Regulates private education to raise quality and standard
The Committee for Private Education (CPE) is the governing committee appointed by SkillsFuture Singapore* in 2016 to carry out its functions and powers relating to private education in Singapore under the Private Education Act**. CPE ensures the provision of quality education and protects all students throughout their course of study in private education institutions (PEIs) by:

- Regulating the private education sector;
- Providing student services for all students in private schools; and
- Facilitating capability development efforts to uplift the standards in the local private education industry.

Curtin Singapore complies with the regulations under the Private Education Act and all legislations enacted by the CPE.

Note:
* The SkillsFuture Singapore (SSG) is a statutory board under the Ministry of Education (MOE). SSG plays a key role in the quality assurance for private education institutions and adult training centres to ensure that students and working adults have access to high quality, industry-relevant training throughout life.

** The Private Education Act is an Act to provide for the regulation and accreditation of private education institutions so as to ensure the provision of quality education thereat and for matters connected therewith.
CPE’s two-tier regulatory regime comprises the Enhanced Registration Framework (ERF) and the EduTrust Certification Scheme (EduTrust). The ERF sets out the basic standards that private education institutions (PEIs) need to adhere to in order to operate; the EduTrust requires PEIs to provide a higher standard of educational services in order to be certified.

**Enhanced Registration Framework (ERF)**
The Enhanced Registration Framework (ERF) sets the minimum standards that all Private Education Institutions (PEIs) must meet through the mandatory registration requirements. The ERF examines a PEI based on the corporate governance, quality of provisions, and information technology.

Curtin Singapore has obtained 4-year ERF registration period.

**EduTrust Certification Scheme (EduTrust)**
The EduTrust Certification Scheme (EduTrust) is a quality assurance scheme administered by CPE for all PEIs, which aims to function as governing standards to recognise PEIs that are able to consistently maintain high standards in key areas of management and in the provision of education services.

Curtin Singapore has obtained 4-year EduTrust Certification.

**SkillsFuture Singapore (SSG) One Call Centre**
The SSG One Call Centre addresses enquiries on private education, provides information on studying in Singapore, and offers advice to students who encounter problems during their course of study in private schools which cannot be resolved by the schools.
