Click on ‘Close Window’

Select an option
Click on ‘Continue’
Units available for selection for current trimester are indicated by the white ‘+’ that you wish to enrol a class in.

Select the unit that you wish to enrol a class in.
When you select a unit, a dialog box will appear with the available class timings. Classes that are full will not be available for selection.

Select the class with your preferred timing.
Click on ‘Confirm’.
But WAIT! You are not done yet! This does not confirm your class enrolment.

The unit you have just enrolled for is highlighted.

Day and Time of your selected class is shown here as green.
You must click on ‘Finalise’ to confirm your class enrolment. If this step is missed out, your class is not enrolled.
Upon clicking on ‘Finalise’, you can view your selected classes listed under the current trimester in Timetable Overview.

Your Class Enrolment is now complete.
