Email access

All students are given their own webmail account. As email is the preferred means of communication, all related information concerning your studies will be sent to this email address. Students are expected to also use this email address for all correspondences with Curtin Singapore.

You can access your emails by clicking on “My Email” under the “Study Essentials” tab after you log in to Axis. It is recommended that you check your Student Email every day to read important notices and emails from Curtin Singapore.

Academic information continued

Unit Outlines

Unit Outlines provide information on unit contents, assessment requirements, resources and contact details of lecturers or unit coordinators where applicable. Retaining all unit outlines is important for any future references.

Unit Outlines are available electronically via Moodle to all students at the commencement of each study period.

Academic Calendar

The Academic Calendar lists down key dates of each study period that you should take note of. Details include first day of class, last day to enrol in a unit and last day to withdraw from a unit, among other key dates.

You can find the Academic Calendar at <https://students.curtin.edu.sg/student-essentials/academic-calendar/>

Census date

Census date is the date at which an enrolment is considered to be final. Any withdrawal you make after the study period census date will incur an academic penalty (i.e. the grade for the unit will be recorded as “W” (Withdrawn) on the academic transcript) and a financial penalty (i.e. no refund of your tuition fees).

Enrolment

As a student, you must be enrolled in four units in each study period unless you have less than four units to complete your course or have prior approval from the Director of Academic Services on the basis of academic intervention, compelling or compassionate grounds.

Online enrolment of units takes place prior to the start of each study period via Axis. Students should ensure enrolment into related elective units of the degree course they intend to pursue.

Curtin Singapore reserves the right to cancel or withdraw units at its discretion and only due to unforeseen circumstances.

It is your responsibility as a student to check that your enrolment is correct and arrange to have it updated if it does not accurately reflect your situation.

Change in unit enrolment

A student has access to change unit enrolment until the first Friday of each study period. Student must make an appointment with a Student and Academic Services Officer to seek approval for any change in unit enrolment from week 2.

Unit withdrawal by census date (week 1 to week 4)

Unit withdrawal approved on or before the census date has no financial and academic penalty (the unit enrolment will not be recorded on the academic transcript).

Unit withdrawal after census date (week 5 to week 9)

Unit withdrawal after census date but before the end of week 9 will incur an academic penalty (i.e. grade for the unit will be recorded as “W” (Withdrawn) on the academic transcript) and a financial penalty (i.e. no refund of your tuition fees).

Academic information continued

Unit Withdrawal after Census Date (week 10 to week 12)

Unit withdrawal after census date from week 10 to week 12 will incur an academic penalty (i.e. grade for the unit will be recorded as “F” (Fail) on the academic transcript) and a financial penalty (i.e. no refund of your tuition fees).

Course withdrawal

A current student who wishes to withdraw, should make an appointment with a Student and Academic Services Officer. An interview session will be conducted prior to completion of the course withdrawal form. If you are under the age of 18 years, you are required to obtain your parent’s or guardian’s consent prior to submission.

Following an approved course withdrawal, Curtin Singapore will:

- withdraw your current enrolment
- terminate your existing Student Contract
- cancel your Student’s Pass (for international students)
- refund any applicable fees in accordance with the Refund Policy, upon receipt of the Application for Refund of Fees form
- email you a confirmation of your course withdrawal
- issue past attendance records to students who are enrolling in another course with another local institution upon request.

The course withdrawal request is processed within 4 weeks of the submission of the course withdrawal form.

An official transcript will be issued for an incomplete course.

Policy on course withdrawal

The course withdrawal policy is covered under the Variation of Enrolment policy. The Variation of Enrolment policy is published on the Curtin Singapore website and is found on this link: <https://curtin.edu.sg/wp-content/uploads/sites/3/2019/01/Variation-of-Enrolment-Policy.pdf>

Change of course

A student is required to undertake the course for which they received an offer of admission. If you wish to change to another course offered by Curtin Singapore, please make an appointment to discuss the matter with a Student & Academic Services Officer. To change the course at the beginning of the study period, you must apply before the end of Week 2 of the study period.

Curtin Singapore will consider each application before approving a change of course request. In some instances, it may not be possible/viable to transfer to another program for reasons of timing, Student’s Pass conditions, program availability, current academic performance or not meeting entry requirements.

Academic information continued

Leave of Absence

A student may apply for Leave of Absence in the second study period at any time after enrolment up until the census date, in the case of one of the following situations:

- no available unit for study in a study period
- unable to continue studies in a study period due to valid reason(s)

A completed Application for Leave of Absence form has to be submitted by the census date. All applications will be reviewed on a case to case basis and all information provided, circumstances leading to a request as well as regulatory requirements will be taken into account.

An academic and financial penalty may apply depending on the time the request is submitted.

Students under the age of 18 years old are required to obtain their parent's or guardian's consent prior to submission.

Following an approved Leave of Absence, Curtin Singapore will:

- withdraw the current enrolment
- cancel the Fee Protection Scheme (FPS) where applicable, and the Student's Pass (for international students).
- send an email confirmation for the approved Leave of Absence

The Leave of Absence request is completed within 4 weeks of the submission of the Application for Leave of Absence form.

When approaching the end of the approved Leave of Absence, students are required to email academic@curtin.edu.sg on their intention to resume studies. International students must email at least 7 weeks prior to the expiry of Leave of Absence.

Curtin Singapore may authorise Leave of Absence for a maximum of four (4) months (one study period). Application for Leave of Absence longer than one study period will be reviewed by the Director of Academic Services. Application will only be considered for exceptional circumstances (evidence of supporting claim must be submitted).

Students who do not enrol for a period of 2 study periods and who do not have an approved leave of absence will be considered as AWOL (Absence Without Leave). A new application to admit into the course will be required if an AWOL student wishes to return to studies.

Policy on Leave of Absence

The Leave of Absence policy is covered under the Variation of Enrolment policy. The Variation of Enrolment policy is published on the Curtin Singapore website and is found on this link: <https://curtin.edu.sg/wp-content/uploads/sites/3/2019/01/Variation-of-Enrolment-Policy.pdf>

Code of Conduct

The College Code of Conduct establishes to build a safe, secure and comfortable learning and work environment for staff and students. Under the College Code of Conduct, there are some principles that all staffs and students should observe and uphold.

Academic integrity

Academic integrity at its core is about honesty and responsibility and is fundamental to Curtin Singapore's expectations of you. This means that all of your work should be your own and it should be underpinned by integrity, which means to act ethically, honestly and with fairness.

Academic misconduct

Academic misconduct means acting dishonestly or unfairly in connection with any examination or other assessment task, or other academic work.

Types of academic misconduct

Plagiarism

The element inherent to plagiarism is the lack of acknowledgement of the original source.

Plagiarism includes:

- Paraphrasing, copying, or presenting any part of the work or other(s) without a reference to those sources.

- Reproducing teaching material or lecture notes without acknowledgment of those sources in the work;
- Translating foreign works into English without acknowledgment of those sources;
- Reusing one's own previously submitted or assessed work, in part or in whole, without permission from the Unit Coordinator;
- In the case of group work, falsely claiming or attributing authorship where there has been inadequate contribution.

Collusion

Collusion includes assistance provided to, or received from another person in the preparation or production of any part of a work;

- Editing and proofreading may result in collusion if there is a contribution to the work resulting in a work no longer being the original work of the student. This may include rewriting, contribution of additional material, amending work or part of a work;
- Collusion may also include sharing answers or allowing another person or persons to copy any part of a work;
- Collusion is not limited to collaboration with a Curtin College or Curtin University student but may include collaboration with any person, irrespective of their location.

- Purchasing work, bartering or commissioning another person or website to produce work which is then passed off as one's own.
- Submitting work that is generated and/or enhanced with the use of digital assistance (e.g. translators, digital assistants, or artificial intelligence tools such as ChatGPT, Bard, Bing, etc.) to the extent where the submitted work isn't a reasonable representation of the student's abilities and/or cannot be considered an original work of the student unless otherwise explicitly permitted by the assessment specification.
- Selling one's work is also considered contract cheating.

Misrepresentation may include:

- Submission of a falsified testamur or academic transcript to gain admission to a course at Curtin College;
- Submission of fabricated or falsified documents, or medical certificates to gain an advantage in admission, assessment or course progress;
- In respect of attendance requirements under the Attendance Policy, falsely asserting attendance at a class or laboratory session.

Curtin Singapore regards any act of cheating, collusion, falsification or fabrication of data, or dishonesty by way of plagiarism very seriously. There are strong penalties for breaches including annulment of results or termination from Curtin Singapore.

Course completion

Upon completion of all units in the Diploma of Commerce, Diploma of Arts and Creative Industries or Diploma of Information Technology, a student will be awarded with the Statement of Academic Record and Testamur (Certificate). These documents are issued by Curtin College.

Assessments

Each unit at Curtin Singapore is assessed throughout the study period. The type of assessments for each unit is described in the Unit Outline. Assessments may include assignments, quizzes, online assessments, mid-semester tests and final examinations.

Moderation of assessments

Assessments are subject to moderation. Moderation is a quality review and assurance process which supports the assessment setting and marking activities of lecturers. It involves the unit coordinator undertaking a review of selected papers to ensure the assessment marking is valid and reliable. In some cases a grade of an assessment or examination may change following moderation to conform to the marking standards of the assessment.

The Assessment and Moderation policy can be found here: <https://www.curtincollege.edu.au/current-students/essential-information/policies-procedures-forms/>

Examinations

The examination timetable is released 4 weeks prior to the examination period through Axis. It is the students' responsibility to make themselves aware of the location, time and length of the examination. Examinations may be scheduled on any day or evening during the examination period, with the exception of Sunday. Students should not make commitments to any other activities during this period.

Students may be required to sit for two scheduled examination papers in a day but shall not be made to take more than two examinations in one calendar day. There will always be a break between examinations taken on the same day.

If you are unable to submit the examination on time due to medical reasons or other extenuating circumstance, please complete the Application for Assessment Extension located in <https://students.curtin.edu.sg/student-essentials/forms-and-documents/> and submit it together with the relevant documentation to Assessments@curtin.edu.sg. An application for Assessment Extension is to be submitted prior to the due date. If this is not possible, it can be submitted within **TWO calendar days** following the missed examination with the required documentation.

Academic information continued

Assessment extension

If you are unable to complete the assessment due to medical reasons or other extenuating circumstances, an Application for Assessment Extension and the relevant documentation must be submitted via email to Assessments@curtin.edu.sg. An application for Assessment Extension is to be submitted three (3) days prior to the due date. If this is not possible, it can be submitted within two (2) calendar days following the missed assessment with the required documentation.

Students will be notified of the outcome of the application by email to the student email address. Please note that an application for Assessment Extension is subject to approval. If the assessment extension is not approved, the relevant penalties will apply.

Criteria for Assessment (Exam) extension form

Student must satisfy the Associate Director of Academic Services and Board of Examiners that the reason for not completing the assessment task was due to exceptional circumstances outside his or her control.

Circumstances that may warrant approval of Assessment Extension include, but are not limited to:

- student illness, injury or medical condition, supported by a valid medical certificate
- family issues (for example family injury, illness or bereavement, etc)

- commitments to participate in elite sport or other activities that warrant favourable consideration
- commitments to participate in emergency service or defence force activities (for example bushfire protection)
- unavoidable and unexpected work commitments (for example, relocation)
- other reason/s such as religious custom or event, that prevents completion of the assessment by the original due date

Students will be advised of the outcome of their application for assessment extension during the final examination results. A “DA” interim result is the formal approval by the Board of Examiners for a student to complete an outstanding assessment for a unit at a later date.

Students will be advised of the deferred examinations period at least 1 week prior to the start of the examination period. Students must not make any other arrangements during this period, which could prevent them from completing these assessments.

A student who commits to other arrangements that prevents him or her from completing a deferred assessment is not entitled to another opportunity to complete the deferred assessment and will forfeit the rights to a deferred assessment. No extensions of deferred examination will be granted under any circumstances.

Attendance requirements

It is your responsibility as a student to attend all classes. Failure to attend the correct classes will result in your attendance not being recorded for that week.

Facial Recognition Attendance System

Curtin Singapore adopts a contactless facial recognition technology where facial features are scanned and captured by the facial recognition terminal. The data captured are then downloaded and managed by the Student Attendance System (SAS) to generate attendance record.

Student's attendance guidelines

Students are expected to

- arrive on time for each lesson;
- remain throughout the session for each lesson; and
- scan in using the facial recognition terminal at the beginning and the end of each lesson

Attendance requirement

All students

Students are required to maintain a minimum 75% attendance for each enrolled unit. Students who fail to obtain the minimum attendance requirement will not be eligible to sit for the final examination or receive grades for the final assessment, regardless of previous work submitted.

International students

In addition to the requirements above, international student must achieve a minimum monthly attendance requirement of above 90%. Curtin Singapore shall inform ICA when an international student's attendance is 90% or below, or has failed to attend classes for a continuous period of 7 days or more. This may lead to cancellation of the Student's Pass.

Attendance regulations continued

Student Engagement Program (SEP)

An international student holding a Singapore Student's Pass is required to be on campus for a minimum of 3 hours per day from Monday to Friday (except on public holidays or during non-teaching weeks, including study review and exam weeks).

Students must register their attendance on campus in the following circumstances:

- if a student does not have a class scheduled on a particular day, he/she is expected to fulfil 3 consecutive hours on campus at any given time between 9am to 6pm (For example, student has 3 hours class every Monday to Thursday but none on Friday, the student must be on campus for 3 hours, at any time between 9am to 6pm every Friday undertaking Student Engagement Program (SEP))
- if a student's class is run for less than 3 hours on a particular day (For example, student has a 1 hour tutorial class every Monday, student must continue to be on campus undertaking Student Engagement Program (SEP) to complete the remaining 2 hours in order to meet the 3-hour per day requirement)
- if there is an overlap between the period where the student completes the Student Engagement Program (SEP) and the academic class, the attendance for SEP will be marked as absent

Students may register their attendance for SEP onto Facial Recognition Terminal located at:

- Level 2 Library
- Level 3 UniHub
- Level 4 Student Connect

By scanning in and out of the terminal, students' attendance are captured and monitored.

Please note that SEP is compulsory for all international students. The SEP schedule for each international student is determined and pre-enrolled every study period. Students are able to check on Axis on the last working day before the commencement of the study period to determine which days they are required to attend the SEP.

Attendance will be monitored and will form part of ICA's 90% attendance requirement. Warning letters will be issued to students who fail to meet this attendance percentage.

Absence justification (AJ)

Student support services

Curtin Singapore provides student support services to students from the day they join Curtin Singapore to the day they graduate. Services provided include:

Career Consultation services

Career Consultation services provide advice on avenues for a student to identify suitable career choices as well as guides through the job search process. Mock interviews provide you with an opportunity to apply and test your interview-answering skills in a real-world setting. This process will closely mirror what you might expect to undergo in a real interview, and participants will be provided with feedback on all areas of their interview performance, which includes first impressions, non-verbal communication, and ability to handle challenging interview questions, among others.

Industry engagement

Undergraduate and postgraduate students can benefit from engagement with professionals from the industry who act as mentors. You will be able to gain knowledge, skills and experience, and advice through various modes of guidance from the mentors.

Talks are regularly organised to provide a platform for students to hear from industry practitioners on the realities of working in a certain job role. These informal Q&A sessions allow students to gain an inside peek at the challenges and rewards that await them in different job roles.

Beyond the classroom workshop series

Workshops that complement your academic studies through a range of learning and development sessions that will up-skill and value-add your journey towards success and employability. Students can enrol in workshops on career planning, resume writing, interview skills, networking skills, or learn more academic skills such as assignment skills, study skills, digital skills, and referencing to expand knowledge or support your learning.

Quality assurance continued

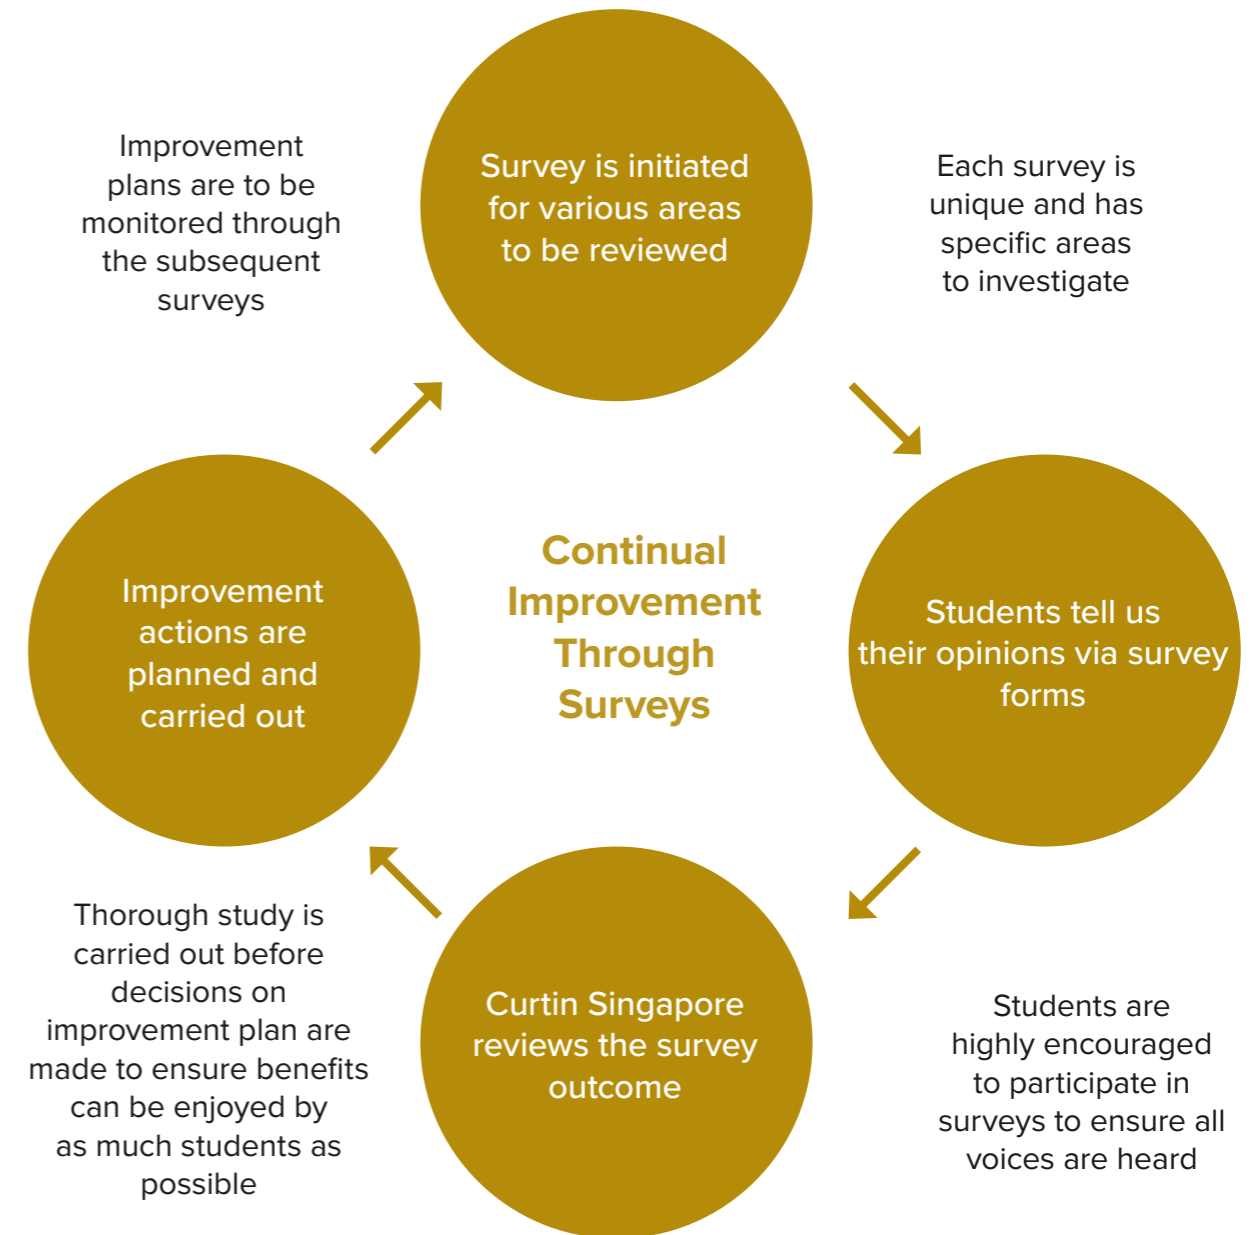

Understanding the effect of course contents, academic staff and facilities have on students has become a vital part of Curtin Singapore’s improvement measures. This has resulted in Curtin Singapore implementing a suite of regular student feedback surveys as part of the continual improvement process.

Student surveys are powerful tools to help Curtin Singapore to gather valuable data which allows for an in-depth analysis of the overall campus climate, at the same time rendering a representative picture of student views. We use the analysed results obtained in each survey to review our processes, course materials, teaching methods, etc. to ensure every student enjoys high quality education services.
